this volume presents recent developments in identity theory and research identities are the basic building blocks of society and hold a central place in every social science discipline identity theory provides a systematic conceptualization of identities and their relationship to behavior the research in this volume demonstrates the usefulness of this theory for understanding identities in action in a variety of areas and settings the volume is organized into three general areas ethnicity and race family religion and work and networks homophily and the physical environment this comprehensive and authoritative volume is of interest to a wide readership in the social and behavioral sciences including students and researchers of sociology social psychology psychology and other social science disciplines

identity has become one of the most widely used terms today appearing in many different contexts anything and everything has an identity and identity crises have become almost equally pervasive yet identity is extremely versatile meaning different things to different people and in different scientific disciplines to many its meaning seems self evident since its various uses share common features so often the term is used without a definition of what exactly is meant by it this provokes the core question what exactly is identity in this very short introduction florian coulmas provides a survey of the many faces of the concept of identity and discusses its significance and varied meanings in the fields of philosophy sociology and psychology as well as politics and law tracing our concern with identity to its deep roots in europe s intellectual history individualism and the felt need to draw borderlines coulmas identifies the most important features used to mark off individual and collective identities and demonstrates why they are deemed important he concludes with a glimpse at the many ways in which literature has engaged with problems of identity throughout history about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

this book links the current wave of political polarisation to the polarisation taking place between cosmopolitan and parochial identity discourses and their antagonistic valuation of iconic urban and regional places instead of looking for explanations of polarisation only in left behind regions this book analyses how societal changes favouring cities like globalisation and individualisation created an urban hubris which is now challenged a careful analysis of the different valuations of specific iconic places like those linked to borders waterfront apartments and livestock farms in different western european countries shows that this polarisation between cosmopolitan and parochial identity discourses goes deeper and further than the rise in support for national populism it shows the growing spatial polarisation through the enclavisation of the cosmopolitan new bourgeoisie in cities further polarising the antagonistic valuation of different iconic urban and regional places as either disgusting examples of urban arrogance or parochial bigotry the broader spatial and temporal perspective adopted in this book is of interest to anyone who wants to look beyond the national political headlines it will help students researchers human geographers political scientists and sociologists better understand the intricate relation between identities politics places and societal developments

the book is easy to use and its layout demonstrates some skill in constructing volumes that work as study guides and reference tools the merit of this book goes well beyond its suitability for course applications contemporary ideas on identity provide new meanings for an old concept multilingual and multicultura in recent years identity and difference have been the focus of key debates in cultural studies this broad ranging book examines the challenge of these debates and outlines their applications to central questions of gender sexuality embodiment health race and nation the text renders accessible some of the most exciting and controversial issues in recent cultural studies it comb

what is the identity of a character and what can it be boiled down to words on a page in a book these characters are all main characters in my series identities which is a universe of its own filled with magic and wonder as well as fear and pain read their stories and share in their

lives

where does our sense of identity and belonging come from how does culture produce and challenge identities identity and culture looks at how different cultural narratives and practices work to constitute identity for individuals and groups in multi ethnic à postcolonialâ societies uses examples from history politics fiction and the visual to examine the social power relations that create subject positions and forms of identity analyses how cultural texts and practices offer new forms of identity and agency that subvert dominant ideologies this book encompasses issues of class race and gender with a particular focus on the mobilization of forms of ethnic identity in societies still governed by racism it a key text for students in cultural studies sociology of culture literary studies history race and ethnicity studies media and film studies and gender studies

what according to the book of amos does it mean to be the people of god in this book andrew m king employs a social identity approach sia comprised of social identity theory and self categorization theory to explore the relationship between identity formation and the biblical text specifically he examines the identity forming strategies embedded in the book of amos king begins by outlining the social identity approach especially its use in hebrew bible scholarship turning to the book of amos he analyzes group dynamics and intergroup conflicts national and interpersonal as well as amos s presentation of israel s history and israel s future king provides extensive insight into the rhetorical strategies in amos that shape the trans temporal audience s sense of self to live as the people of god according to amos readers and hearers must adopt norms defined by a proper relationship to god that results in the proper treatment of others

global movement is commonly characterized as one of the quintessential experiences of our age market forces territorial conflicts and environmental changes uproot an increasing number of people while mass communication travel tourism and a global market of commodities texts

tastes fashions and ideologies place individuals more than ever in a global arena as traditional conceptions of individuals as members of stationary fixed and separate societies and cultures no longer convince to what extent does movement become central to individuals self conceptions how do people cultivate negotiate nurture and maintain an identity to what extent do individuals become migrants of identity whose home is movement defining home as where one best knows oneself this pioneering book explores the various ways in which people perceive themselves to be at home in today s world through a series of case studies authors show that for a world of travellers labour migrants exiles and commuters home comes to be found in behavioural routines and techniques in styles of dress and address in memories myths and stories in jokes and opinions in short people who live their lives in movement make sense of their lives as movement

this book provides insights for both native language teachers and local language teachers alike who conduct team taught lessons by revisiting the topic of foreign assistant language teachers alts the japan exchange and teaching jet program and team teaching this book is innovative in that a it is the first to elucidate alts experiences comprehensively across both historical time i e prior to during and after the jet program and social space i e inside and outside the school thereby revealing their multiple identities that they come to construct and reconstruct over time and b it explores the meanings and perspectives of particular phenomena that alts experience within their specific social settings from their own individual points of view this inquiry does this by using personal narrative accounts gathered from multiple participants through these narrative accounts hiratsuka formulates a conceptualization of alt identity an effort that has hitherto been neglected as a consequence this book offers several practical and empirical applications of the conceptualization to future endeavors involving native language teachers and those who engage with them including the key stakeholders of local language teachers their local boards of education the governments and language learners across the globe

there is growing acceptance among pragmaticians that identity is often de constructed and

negotiated in communication in order to impact the outcome of the interaction filling an important gap in current research this book offers the first systematic pragmatic theory to account for the generative mechanisms of identity in communication using data drawn from real life communicative contexts in china xinren chen examines why identity strategies are adopted how and why identities are constructed and what factors determine their appropriateness and effectiveness in answering these questions this book argues that identity is an essential communicative resource present across various domains and able to be exploited to facilitate the realization of communicative needs demonstrating that communication in chinese involves the dynamic choice and shift of identity by discursive means exploring identity work in chinese communication suggests that identity is intersubjective in communication in all languages and that it can be accepted challenged or even deconstructed

understanding teachers professional identities and their development is key to unpacking teachers professional lives the quality of their instruction their motivation and commitment to teach and their career decision making this book features a number of scholars from around the world who represent a variety of disciplines scientific paradigms and inquiry methods in researching teacher identity by bringing these chapters together this volume initiates active scholarly conversations and extends the boundaries of teacher identity research and practice this collection of chapters provides significant insight into teacher identity and will be essential reading for pre service and in service teachers teacher educators school administrators professional developers and policy makers at various levels

in the heated debates over identity politics few theorists have looked carefully at the conceptualizations of identity assumed by all sides visible identities fills this gap drawing on both philosophical sources as well as theories and empirical studies in the social sciences martín alcoff makes a strong case that identities are not like special interests nor are they doomed to oppositional politics nor do they inevitably lead to conformism essentialism or reductive approaches to judging others identities are historical formations and their political

implications are open to interpretation but identities such as race and gender also have a powerful visual and material aspect that eliminativists and social constructionists often underestimate visible identities offers a careful analysis of the political and philosophical worries about identity and argues that these worries are neither supported by the empirical data nor grounded in realistic understandings of what identities are martín alcoff develops a more realistic characterization of identity in general through combining phenomenological approaches to embodiment with hermeneutic concepts of the interpretive horizon besides addressing the general contours of social identity martín alcoff develops an account of the material infrastructure of gendered identity compares and contrasts gender identities with racialized ones and explores the experiential aspects of racial subjectivity for both whites and non whites in several chapters she looks specifically at latino identity as well including its relationship to concepts of race the specific forms of anti latino racism and the politics of mestizo or hybrid identity

identity is one of the most extensively studied constructs in the social sciences yet despite the wealth of findings across many disciplines identity researchers remain divided over such enduring fundamental questions as what exactly is identity and how do identity processes function do people have a single identity or multiple identities is identity individually or collectively oriented personally or socially constructed stable or constantly in flux the handbook of identity theory and research offers the rare opportunity to address the questions and reconcile these seeming contradictions bringing unity and clarity to a diverse and fragmented literature this exhaustive reference work emphasizes the depth and complexity of identity processes and domains and presents perspectives from many different theoretical schools and empirical approaches contributing authors provide perspectives from psychology e g narrative social identity theory neo eriksonian and from other disciplines e g sociology political science ethnic studies and the editors highlight the links between chapters that provide complementary insights on related subjects in addition to covering identity processes

and categories that are well known to the field the handbook tackles many emerging issues including identity development among adopted persons identity processes in interpersonal relationships effects of globalization on cultural identity transgender experience and identity consumer identity and shopping behavior social identity processes in xenophobia and genocide the handbook of identity theory and research lends itself to a wealth of uses by scholars clinicians and graduate students across many disciplines including social developmental and child school psychology human development and family studies sociology cultural anthropology gender ethnic and communication studies education and counseling

the routledge handbook of identity studies offers an exceptionally clear overview of the analysis of identity in the social sciences and in so doing seeks to develop a new agenda for identity studies in the twenty first century the key theories of identity ranging from classical accounts to postmodern psychoanalytic and feminist approaches are drawn together and critically appraised and there are substantive sections looking at racial ethnic gendered queer consumerist virtual and global identities the handbook also makes an essential contribution to the debate now opening up over identity politics and its cultural consequences from anti globalization protestors to new ecological warriors from devotees of therapy culture to defenders of international human rights the culture of identity politics is fast redefining the public political sphere what future for politics is there after the turn to identity throughout there is a strong emphasis on interdisciplinarity with essays covering sociology psychology politics cultural studies and history the handbook s clear and direct style will appeal to a wide undergraduate audience in the social sciences and humanities

this anthology provides the definitive theoretical sources of contemporary thinking about identity including explorations of race class gender and nationality explores the long and rich tradition of philosophical analysis and debate over the genesis contours and political effects of identity categories provides the definitive theoretical sources and contemporary debates by leading theorists such as selections from hegel marx freud dubois beauvoir lukács fanon hall

guha hobsbawm wittig butler halperin r robertson said and laclau combines general and specific analyses of particular identity categories race ethnicity gender sexuality class nationality allows for a comparative study of identities through multiple theoretical frameworks

in this volume thirteen philosophers contribute new essays analyzing the criteria for personal identity and their import on ethics and the theory of action it presents contemporary treatments of the issues discussed in personal identity edited by john perry university of california press 1975

the concept of identity has become widespread within the social and behavioral sciences cutting across disciplines from psychiatry and psychology to political science and sociology introduced more than fifty years ago identity theory is a social psychological theory that attempts to understand person s identities their sources in interaction and society their processes of operation and their consequences for interaction and society from a sociological perspective in this fully updated second edition of identity theory peter j burke and jan e stets expand and refine their discussion of identity theory each chapter has been significantly revised and chapters have been added to address new theoretical developments and empirical research in the field they cover identity characteristics the processes and outcomes of identity verification and the operation of identities to detail in particular the role of emotional behavioral and cognitive processes in addition burke and stets explore the multiple identities individuals hold from their multiple positions in society and organizations as well as the multiple identities activated by many people interacting in groups and organizations written in an accessible style this revised edition of identity theory continues to make the full range of this powerful theory understandable to readers at all levels

this collection will give readers interested in questions of social justice and education access to the work of some of the key contributors to the debate in the uk
